d. Team

- At that Harbor matchup, a friend described us as:
  - "Raw and disconnected as you'd expect in a young team w/coach turnover."
  - Went on to say that at that point, "I would have said "no way" this team could hang with Marquette."
  - "Improvement through all facets: technical, tactical, physical, psych."
- I am proud of our journey
- Direction: I wanted a season to send the boys in a direction of joy & passion for the game
- Club vs HS
- Offseason:
  - Play together, build those bonds. If not, then
  - play with others and learn from them
  - watch the game and study
  - Prepare and look forward
  - We start early next year, my goal is a Regional title!
